Double-Breasted Tailored Blazer

Category	Blazer
Silhouette	Tailored / Fitted
Fit	Tailored Fit
Designer	Morchen

Fitted double-breasted tailored blazer featuring wide peaked lapels, six-button closure layout, front princess shaping seams, and waist flap pockets.

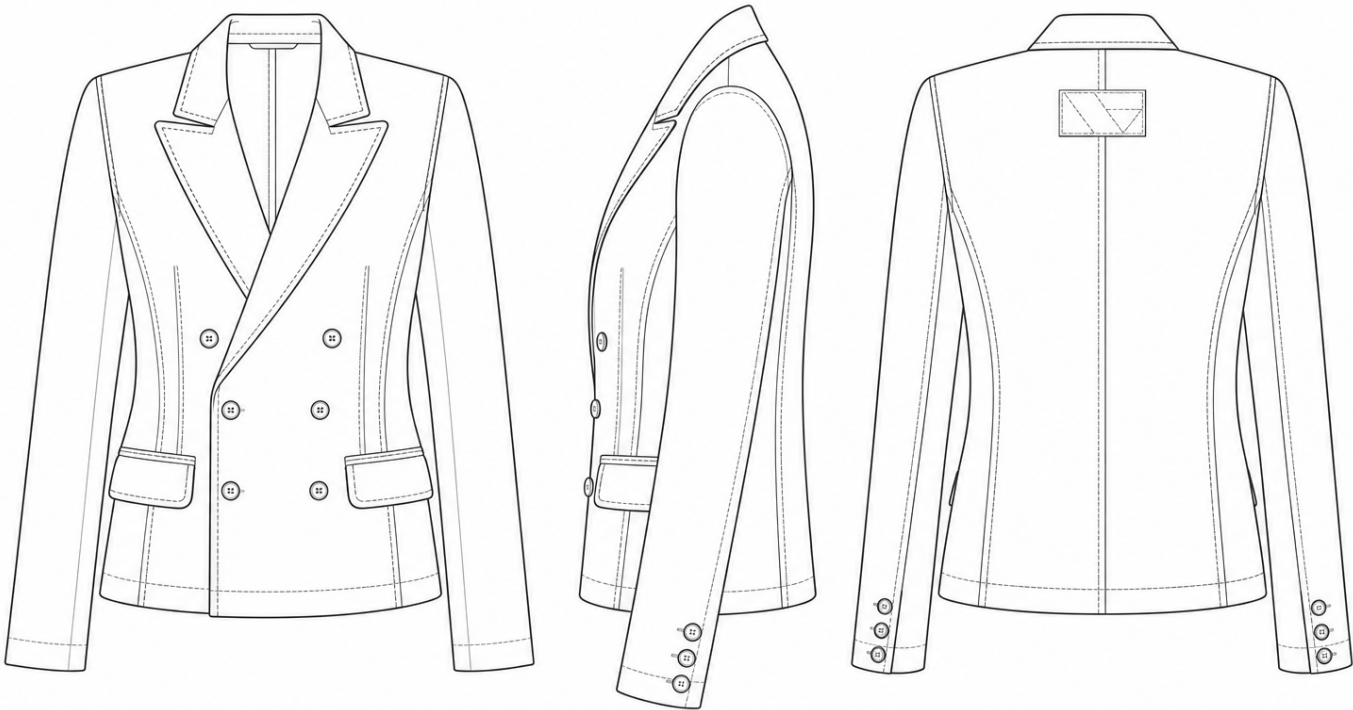

KEY VISIBLE CONSTRUCTION FEATURES

- Double-breasted front closure with six buttons (2x3 arrangement)
- Wide peaked lapels and collar with visible edge topstitching
- Front princess seams extending down to the hem
- Two horizontal waist/hip flap pockets with topstitching
- Long set-in two-piece sleeves
- Visible topstitching along lapel edge, front opening, pocket flaps, sleeve cuffs, and hem

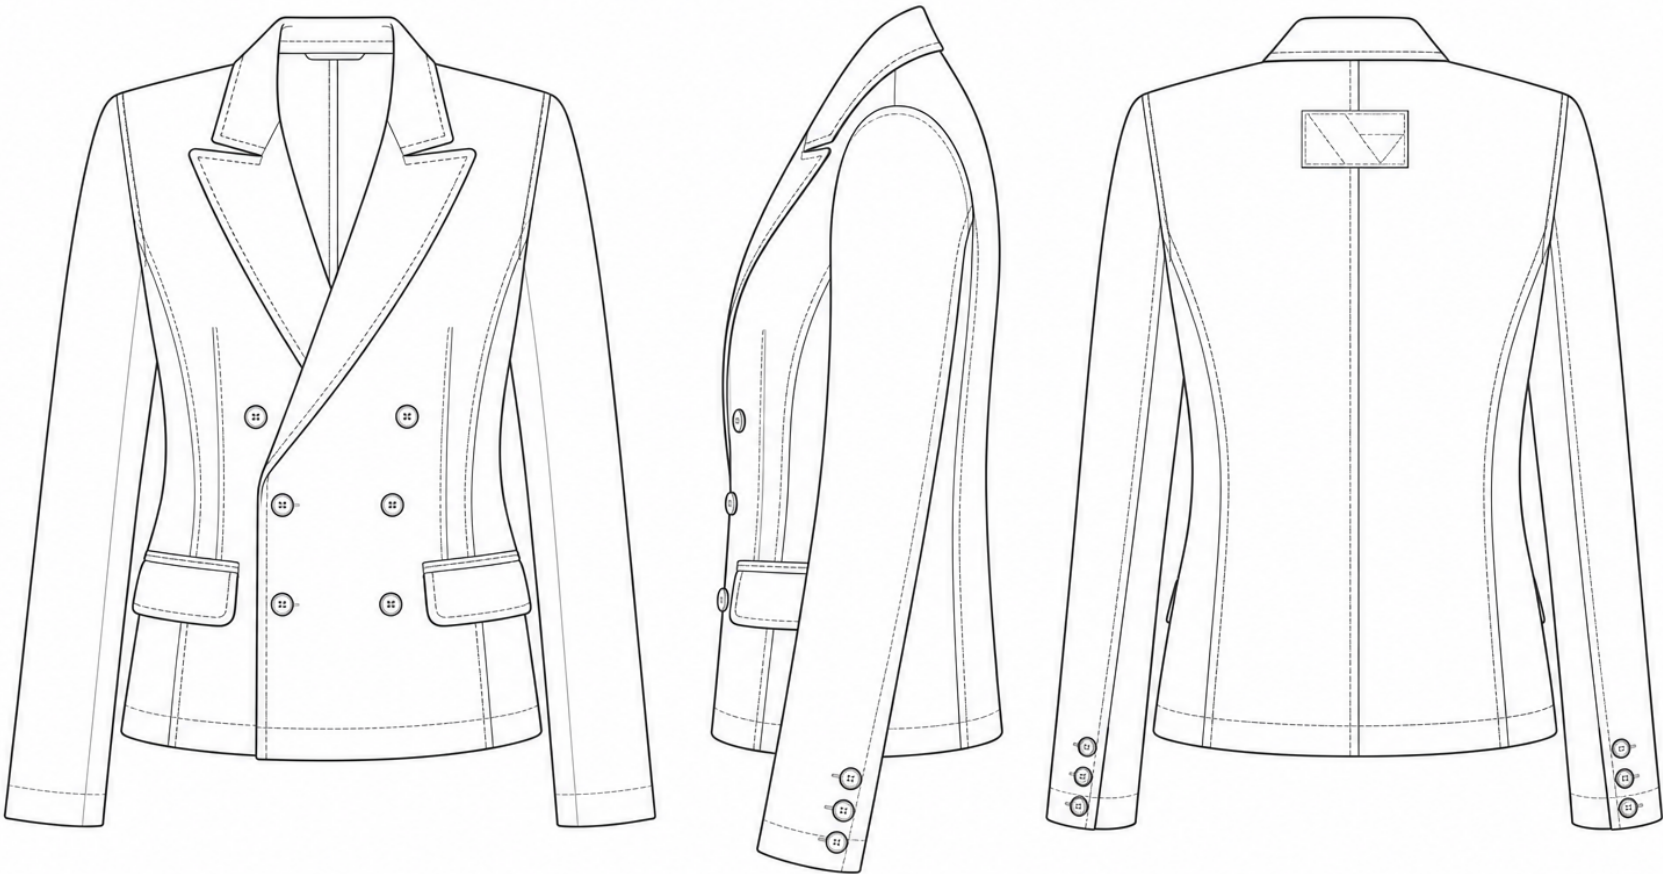

CONFIRMED DESIGN SPECIFICATION

- Internal shoulder pads and light chest canvas are required to hold lapel roll and shoulder shape.
- Cuff has decorative buttons
- Garment is fully lined to support standard tailoring construction.

Reference-led overview sheet. Technical views, measurements, and pack outputs follow inside.

CONSTRUCTION DETAIL SPECIFICATION

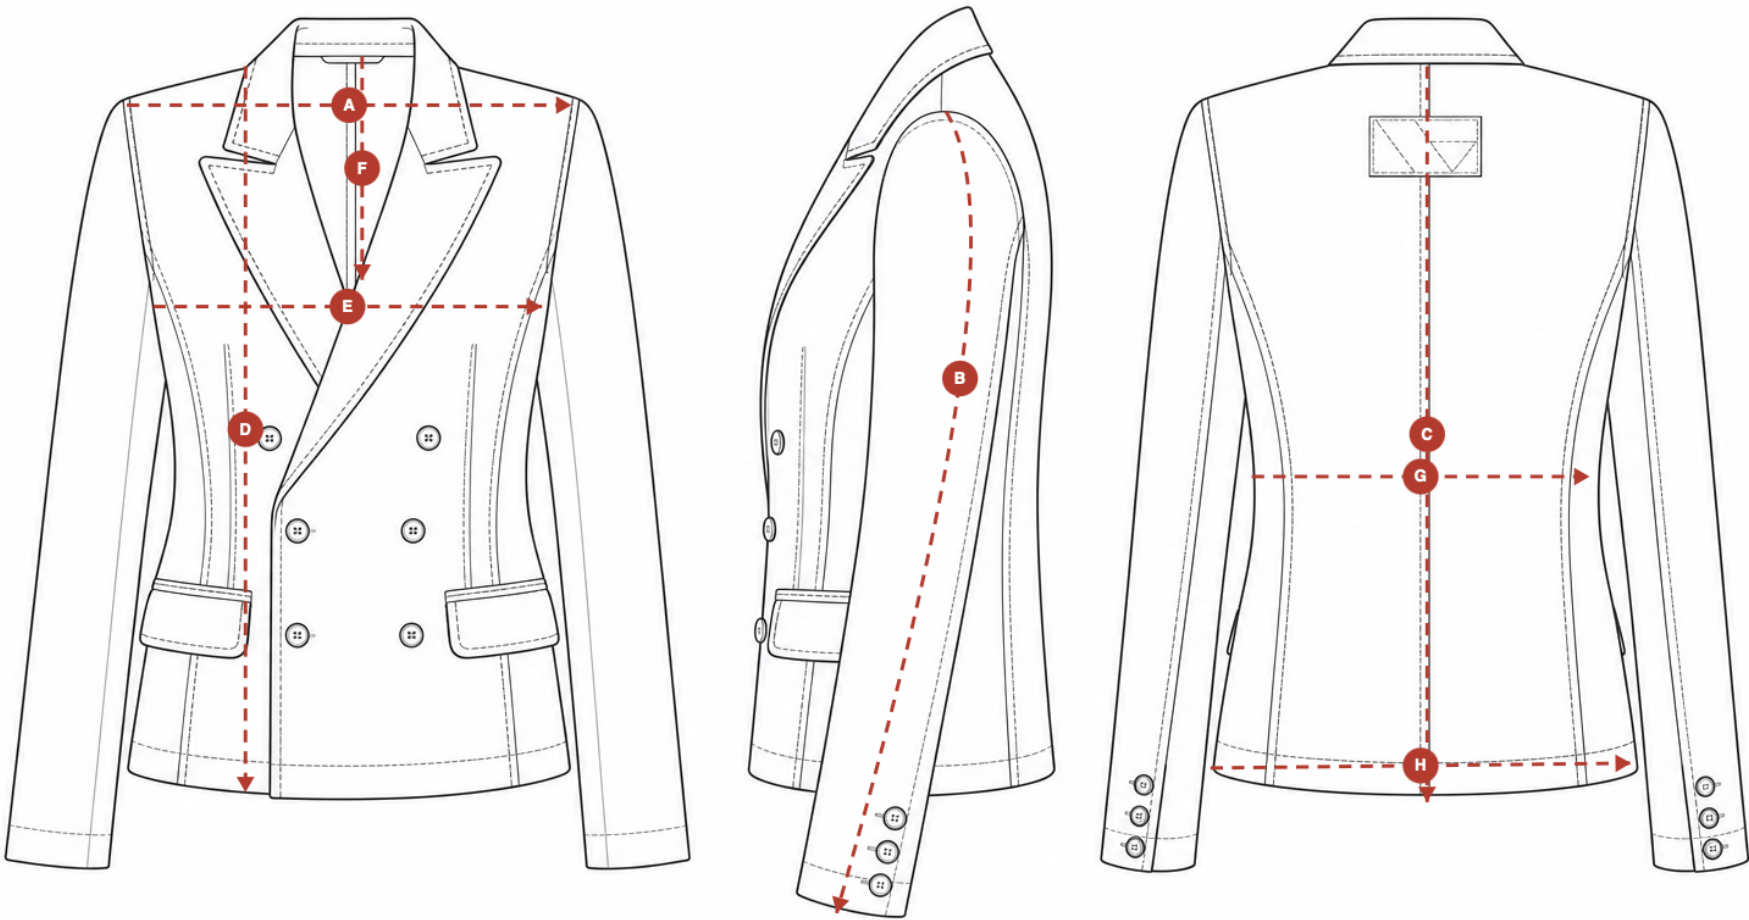

Factory-facing make details extracted from the garment reference. Confirm final seam allowances, fusing weights and internal finishing with the sample room before bulk approval.

DETAIL AREA	MAKE / CONSTRUCTION NOTE
Front closure	Double-breasted front closure with six buttons in a 2x3 arrangement. Reinforce button stand and button positions before sewing.
Lapel and collar	Wide peaked lapels with visible edge topstitching. Light chest canvas and appropriate fusing required to support lapel roll.
Body shaping	Front princess seams extend to the hem. Balance seam shaping with fitted waist and tailored chest structure.
Pockets	Two horizontal waist flap pockets with topstitching. Confirm flap depth, pocket bag construction and internal reinforcement.
Sleeves and cuffs	Long set-in two-piece sleeves. Cuffs include decorative small buttons; confirm spacing and backing before sample approval.
Lining and support	Garment is fully lined. Include shoulder pads and light internal structure to hold tailored shoulder and front shape.
Edge finishing	Visible topstitching along lapel edge, front opening, pocket flaps, sleeve cuffs and hem. Keep stitch distance consistent across sample.

OPEN SAMPLE-ROOM CONFIRMATIONS	Confirm exact fusing type, shoulder pad thickness, lining quality, button backing, pocket bag material, seam allowance and final topstitch distance during first sample review.
